Our leagues are run by its participants, players like you. **The Atlanta Decatur Dart Association** – ADDA for short – was formed in 2004 by players who wanted everyone to have a voice in how a league is run, how its rules are written, and what changes can be made from season to season. ADDA is a league that is open to new ideas and is run by its players, not a select few individuals – we are a true “Player's League.”

Come join the fun!
